🎯 **LEARNING TARGET:** I can create a digital presentation to share information with others by
- gathering relevant info from multiple digital sources,
- citing my research using MLA-style citations
- assessing the credibility and accuracy of each source, and
- paraphrasing the info in my own words while avoiding plagiarism,

so that I can learn more about my History Day topic.

WHILE YOU'RE RESEARCHING
Complete the boxes below for each source with usable research. Here's our video from going over sources, citations, and notes. Install Grammarly to help improve your writing.

Your sources should be from reliable sources; use the CRAAP Test to help you evaluate the credibility of sources that you find and use. Add more rows below as needed.
