Trial Judge

Wm Cant, Duluth

The condition of defendant both physically and mentally is good except that he is evidently somewhat unsophisticated and perhaps easily led. He is not lacking in ordinary mental qualities. Disposition is good so far as we know; he has no bad habits.

County Attorney

Warren E Greene, Duluth

School Secretary **Good--4th Grade**

Reformatory Physician **Health good--mind dull.**

Officer in charge **Robbins**
In my charge 18 months. Conduct and disposition good, general bearing very good, attitude toward work good.

State Agent

A foolish boy who followed the crowd and was identified. Probably made a good deal of noise, but not more guilty than any others. I think he might be paroled if his uncle will give him a place on his farm outside Duluth.

5148-Hammerberg, Carl John Alfred

2

June 19.

Desires parole.

Reasons: I feel a better man now than when I came in. I know it was wrong to go up there, but I didn't when it happened. My Mother is a widow and needs my help. I'll not get in any more trouble.

Second appearance before the Board of Parole.

Parole denied 12/28/21.

State Agent Knickerbocker: Carl John Hammerberg, true name, age 20. From St Louis Co for rioting—was in that negro hanging. I rode the truck that was being run around town before it happened and was inside the jail. Did not do anything in the jail, just stood there to see what they were going to do. On the truck I was just standing and talking to my pals, did not do any hollering or anything. Twenty-one were arrested, three convicted. The others are out now. Never arrested before. Did not use liquor. Home in Duluth. Never traveled or tramped. Never in Army or Navy. Can get work on an uncle's farm.
